WORKER, CHURCH

THE LABOR QUESTION FROM THE STANDPOINT OF A CHRISTIAN

Taking his text from Ex. 20:2, "I am the Lord thy God, which have brought thee out of the land of Egypt, out of the house of bondage;" Rev. W. E. Edmonds, of the Presbyterian Church, gave a most practical sermon last evening on the present much considered labor question, from the question of "What Has Christianity Done for the Working Man?" Brief thoughts from the sermon were as follows: "As boys we were brought up to glory in work, and I'm right at home in my subject tonight. What I shall say will largely apply to what we call 'working men.' Our own Presbyterian church has a great program for the laboring man, and a desire to really face the problems of the day. The great trouble has been that the church has never before actually studied the problem, or sent out men to acquire knowledge on the subject who have come up through the ranks. Everything that we have that is good we owe to Christianity, is a fact that we can't get away from; I have no sympathy for the working man who stands outside and hurls brick bats at the church. You have a lot of men in the labor unions who have known God. They are the ballast for the ship. When you criticise the Church of Jesus Christ you are killing the goose that lays the golden egg. All the civili-

MOVING TO GLENDALE

Dr. C. A. Brandstetner of San Francisco, whose wife and sons have been residents of Glendale for the past nine months, has closed up his business in the northern city and decided to join his family here. They have recently bought a new house at 401 West Wilson Avenue, and are now located there, expecting to make this their permanent home. Mrs. Brandstetner much prefers Glendale to San Francisco, and after several trips down here the doctor is of the same opinion, and is now fitting up dental parlors in this city.

BUYS INTEREST IN PAPER

Myron L. Watson, former well-known Glendale man and linotype operator for the Glendale Evening News for two years, has recently purchased a half interest in the Blythe, California, Herald, with which he has been connected for some time.

BONANZA OIL WELL

GLENDALE VISITORS TO NORTHERN OIL FIELDS HEAR OF WONDERFUL GUSHER

Mrs. C. J. Berry of 353 Myrtle Street returned Saturday night from a two weeks' visit with relatives and friends in Coalinga. Wishing to show Mrs. Berry some of the "sights" of the oil country, her friends drove over to a little town seven miles distant, called Oil Field, which is made up entirely of employes and their families, of the Shell Oil Co. The company's 640 acres of land were bought at an initial cost of $3,000,000 with some producing wells on it, they were told, and the first well put down by the company produced enough oil to pay for the land in six months. As there are 3000 wells on that one tract of land it would seem to be a fairly good investment. The employes are well housed, being supplied with gas, water and electricity by the company; and in the town, which is dubbed The Shell, are to be found all the necessary features of stores, theatres, swimming pool, school house, etc., everything owned by the company except the school house.

FIRST PRIZE GAME BY HORSESHOE PITCHERS

On Saturday afternoon, July 31, the first game for the prize of a pair of shoes was pitched on the grounds of the Glendale Horseshoe Club. J. D. Porter, one of the veterans of the game, scored the highest number of points. The second game in the contest will be played next Saturday afternoon. At 4 p. m., just after the prize game closed a meeting was held to vote on joining the California League of Horseshoe Pitchers, which carries with it the use of a 2 1-4 pound shoe instead of the 4-pound size now in use. The vote was 11 for going into the league and seven against.

ARMISTICE CONDITIONS

SOVIET GOVERNMENT DEMANDS THAT POLAND SUBMIT TO MILITARY OCCUPATION FOR FIVE YEARS

(Special Service to Glendale Evening News)

PARIS, August 2.—According to a Basle dispatch the Polish Armistice Commission is confronted with the following demands:

That the Poles renounce all claim to Vilna, Minsk, Grodno and Cholm.

That the Poles surrender all war material and 7 per cent of all Polish railroad rolling stock to Russia.

That Poland submit to military occupation for five years.

That Poland turn over her salt and coal mines for security to the Soviet administration of Poland until 1921 after which she can decide her own form of government.

LONDON, August 2.—Russian forces are within 58 miles of Lemberg according to the official Warsaw communique today. British officials are worried on account of their failure to receive word in regard to the Polish-Russian armistice negotiations. Warsaw dispatches say a spirit of dread has crept into the city with the unchecked advance of the Bolsheviki.

DE LA HUERTA EMISSARIES CONFER WITH CANTU IN AN EFFORT TO REACH PEACEABLE TERMS

(Special Service to Glendale Evening News)

CALEXICO, August 2.—Commissioners representing the federal government of Mexico are conferring with Governor Cantu in regard to a peaceable settlement of the differences between the Mexican Central government and Lower California.

Elimination of the saloons and the gambling and vice dens in Mexicali and Tia Juana loomed today as the possible price of peace between Cantu and the de la Huerta government.

According to Senor Pina Y. Cuevas, Mexican federal commissioner, the order removing Cantu from the governorship of Lower California resulted from his failure to obey orders to close the gambling and vice dens. The commissioners expect to reach an agreement whereby Cantu retains the governorship and closes Lower California resorts.

J. Frank Hanly, once governor of Indiana, Prohibition candidate for president in 1916, was willed yesterday at Dennison, Ohio, when the auto in which he was riding with Dr. and Mrs. C. M. Baker of Killgore, Ohio, was struck by a Pennsylvania line fast freight. The Bakers were killed also.

BOYS' CHORUS

FORTY-FIVE BOYS, TOURING THE STATE, SING AT THE GOSPEL TENT

Saturday evening's service at the Gospel Tent afforded all present a treat of an unusual kind. Just prior to the service, a squad of 45 boys of the Whitney Chorus arrived in Glendale, accompanied by H. E. K. Whitney of Seattle, who are touring California giving concerts in large centers and singing in the principal churches. Having no engagement in the city, Mr. Whitney being directed to the Gospel Tent, sought opportunity of Evangelist Prout to demonstrate their singing ability. This was heartily accorded, especially as the object of the chorus band is to discourage the use of cigarette smoking among the boys and girls. The ages of the boys range from nine to nineteen years. They are well trained and disciplined, and give evidence of first class talent as well as good conduct.

Their opening number was a sacred anthem, Mr. Whitney conducting in splendid style. The audience was captivated. A boy of fourteen, the treble soloist of the company, then sang very sweetly to the delight of all.

Dr. Johnson followed with a stirring lecture on "Dietetics," emphasizing strongly the necessity of avoiding extremes in diet, and of adopting a well balanced daily ration, wholly adapted to the needs of the body. The careless preparation of food, poor cooking, uninviting in appearance and odor, were responsible in many homes for much domestic infelicity and consequent divorce.

Mr. Whitney then introduced his bass soloist, who rendered two pieces in such style that his hearers were spellbound.

A fourteen-year-old boy then delivered a splendid self-composed oration lasting six minutes, setting forth in telling facts the evils attending the cigarette habit among boys and girls upon the mind and nerves, paving the way for tuberculosis, pneumonia and other fatal diseases. The tobacco trust and its designs came in for a scathing denunciation. A good round of applause was accorded the boy orator.

"Hail Columbia," was then sung in a delightful manner by the full squad, the finish being sustained at an exceptionally high pitch.

Mr. Whitney made an appeal for beds for the boys for the night, which was heartily met, some requesting three boys to billet at their homes until the morning. An appeal for a collection was also liberally responded to by a well pleased congregation.

The company proceeded to Pomona in the two busses used on the trip, at an early hour Sunday morning to fulfill an evening engagement there.

This delegation of singers is from a chorus of 1000 boys, many of them "Younger Brother Elks," maintained by the Whitney Brothers of Seattle. The high soprano, Leon Munday, 14 years old, reaches F above high C and the bass, Floyd Murphy, 17 years old, low A flat.

HOME FROM EAST

F. J. KUNTZNER NOTES BUSINESS CONDITIONS IN NEW YORK, OTHER CITIES

F. J. Kuntzner of Ross street arrived at home Sunday from a trip occupying four weeks, during which he visited Boston, Philadelphia, New York, Buffalo and Chicago, stopping on the way at Phoenix, Arizona, and El Paso, Texas. He spent four days in Chicago attending the Elks' convention. He says he noted very little building in the East. Rents are very high and there is a dearth of houses. Manufacturing in some lines is slacking up, notably in automobiles, either because of inability to get material, especially steel, or because orders are filled to date. Some factories in this line were laying off employes. Factories making steel products in other lines were away behind with their orders, promising deliveries when they could get to them. Gasoline is plentiful at 33 cents a gallon. Mr. Kuntzner says the weather was intolerably hot, with that humid heat that is so distressing. He declared he wouldn't take Wall Street as a gift if he had to live there.

Wm. Jammas' house at 510 West Elk Ave. was burglarized Saturday night. A gold watch valued at $125 and thre boxes of cigars were taken. A card picture of a beautiful girl of apparently 3 years of age, supposed to have been dropped by the burglar, was found at the gate.

BUILDING RECORD

GLENDALE'S PERMITS TOTAL NEARLY TWO MILLION IN EIGHTEEN MONTHS

A brief resume of Glendale's remarkable building record of the past year may be of interest especially to our newer citizens. The permits were not published in the Evening News prior to April, 1919, but the total amount for the first three months of the year could not have been more than $25,000 to $30,000. Putting it at the lower figure would give the total for the first six months of last year $90,540, which is not far wrong. The total for the first six months of 1920 was $1,010,965, an increase of nearly 1000 per cent. For the last six months of 1919 the total was $481,475 and for the first six months of 1920 it was $1,010,965. For the first seven months the total was $1,299,305 and for the 19 months just past, taking the estimate of $25,000 for the first three months of 1919 it was $1,871,420. Nearly 500 residences are included in this total and those that are completed are occupied. Fully 75 garages have been built in this time to serve as residences, also. Following is a list by months of the value of permits for 1919 and thus far in 1920:

VISIT YOSEMITE

MR. AND MRS. BERT SPEARS AND PARTY MEET MANY EASTERN AUTOISTS

Mr. and Mrs. Bert Spears of 718 East Acacia avenue, accompanied by their son, Walter Spears, wife and son of Gardenia, have returned from a two weeks' vacation trip. The party spent one week camping in the Yosemite region on the beautiful Merced river. They report the roads in the park as being almost impassable in places, but the county roads in fine shape for mountain roads. The great number of campers from the east and middle west was a surprise to Mr. and Mrs. Spears. One party from Philadelphia was very enthusiastic over California, not only because of its wealth, beauty and productiveness, but because the H. C. L. was so reduced here. They had found no state where food could be bought so cheaply as here.

On leaving camp stops were made at Modesto, Stockton and Sacramento. The camping grounds at Sacramento were very fine, every convenience was provided, even to free shower baths. When the party reached Oakland and San Francisco they found no campiing grounds. After spending a day in each of the two latter places the trip home was made at the rate of 200 miles a day with but few stops. In all they traveled 1300 miles enjoying every mile of the way.

AUTO ACCIDENT

An auto accident on Central avenue yesterday, between San Fernando Road and Los Feliz Road, resulted in injury to Oswin E. Moyer of Los Angeles, who was driving a Packard and was struck by another machine. The other machine was driven hurriedly away before number or driver could be identified.

WORKER, CHURCH

(Continued from Page 1)

zation we have in this blessed country is due to Christianity. When Jesus Christ came to this earth He found three classes of people. First, the wealthy class. Study the early history of Rome. We don't know the first thing about wealth these days. The second group of people were the slaves. The slaves we had in this country had a Sunday School picnic compared with those of early history. When a man was once a slave, he was forever a slave. They had stables and stalls and chains to hold them. The only thing between you and the early slavery is the Church of Jesus Christ. The thing we need to emphasize is our rich heritage in Christ. Talk about the hypocrites in the church, what about the crowd outside? If you don't like the way we do, come in and help straighten us out. Whom the Son of God makes free they shall be free indeed. It is a devilish lie that the church is the enemy of labor. The third class is the lazy and shiftless class. I take off my hat to the working man who takes his dinner pail and starts off in the morning before many of his neighbors are awake. Working men are not shiftless. When I see a lot of cheap politicians loafing and smoking around the lobbies of the capitals of our country they merit our disdain. Here is a question — Where were the middle class when Jesus Christ came? There was no middle class until Jesus Christ came and threw off the shackles and made a middle class. Jesus Christ the carpenter of Nazareth, who learned His trade as every Jewish boy learned a trade. Unfortunately some of us have to be rich and fortunately some of us have to be poor. How do we level up? One way is to bring the hills down to the valley, the other way is to raise the valleys up to the hills. Jesus Christ came to level up. There is a great difference between leveling down and leveling up. It was the very special business of Christ to level up society. Agitators are in all parts of our country crying 'down, down, down with everything.' The slogan of Christianity has always been 'up with the people, up with the people.' Jesus Christ dignified labor. The best crown the laboring man can put upon the head of Jesus Christ is the square cap of the carpenter. Again, Jesus Christ brought temporal blessings into the life of the laboring man. There is no boy so poor in the United States that some day, in the providence of God, he may not be elevated to the President's chair. There were no pay envelopes until Christianity came. I want to shut you up tonight so that you will never go around criticizing the Church of Jesus Christ. I ask you in the name of our blessed Christ to give your life to Him as King of Kings and Lord of Lords."

WELL PLEASED YOUTHFUL ACTORS

It was the hottest day of the season Friday, but at least three Glendale youngsters gloried in the heat of the sun while beads of perspiration trickeled down their faces. They were happy for in addition to having ice cream cones given them as fast as they were consumed, they were posing for the movies. And Theodora Peterson of 613 East Colorado; Wayne Maxwell of 400 Stocker and Francis Lore of 815 North Louise agree that this is all that any youngster could ask. The debut of the Glendale youngsters occurred when Director Jack White of the Hamilton-White comedies, decided he needed a girl and two boys for an atmosphere bit while on location in Glendale. He picked the trio from the crowd of youngsters who gathered around when the camera was set, and Theodora was given the part of walking from a drug store eating an ice cream cone. Repeated rehearsals caused the purchase of numerous cones and a crowd of several hundred persons were furnished with amusement as Theodora registered genuine amusement eating them. The boys received their share after they had "buncoed" Lloyd Hamilton into being arrested and had received the reward from the "irate drug store proprietor." Both Theodora Peterson and young Maxwell did so well at their respective parts that Director Jack White has promised both future work in Hamilton-White productions.

SPIRITUALISM

EVANGELIST PROUT ANSWERS QUESTION, "WHO ARE THE SPIRITS?"

There was a large and appreciative audience at the Gospel Tent Friday evening to hear Evangelist C. S. Prout present his subject of "Spiritualism, "Who Are the Spirits?"

The evangelist introduced his remarks by reference to the statement found in Isaiah 8:19, 29: "When they shall say unto you, Seek unto them that have familiar spirits: . . . should not a people seek unto their God? for the living to the dead? To the law and to the testimony: if they speak not according to this word it is because there is no light in them." This is a divine admonition, and a divine test concerning spiritualism.

Spiritualism was defined as "a belief that departed spirits hold intercourse with mortals by means of physical phenomena as by rapping, or during abnormal mental states as in trances manifested through a medium."

In Deut. 18:10, 11, God warned His people Israel thus: "There shall not be found among you . . . a charmer, or a consulter with familiar spirits, or a wizard, or a necromancer. For all that do these things are an abomination unto the Lord." This, said the evangelist, linked up ancient necromancy with modern spiritualism. It was the old practice revived in a somewhat different form.

Modern rappings began in the home of John D. Fore, at Hydesville, Rochester, U. S. A., 1848, with the two sisters of the Fore family. From this small beginning and locality the practice has developed and spread until it numbers its believers in millions throughout the world. The latest wonder in connection with it is the ouija board. The use of the board has become such a craze that the San Francisco Chronicle of March 14th remarks that "if the trend of psychic ambition be not diverted, the time is fast approaching when no American home with any pretensions to self-respect will feel complete without a ouija board."

"Current Opinion," March, 1920, says: "We have heard a great deal of that 'spiritual awakening' which was to follow the war. Do we stand at its threshold now, and are Sir Oliver Lodge and Maurice Maeterlinck its apostles? . . . Not spirituality, in the ordinarily accepted sense, but spiritualism, is the topic of the hour. The ouija board is displacing the Bible, and the darkroom seance, rather than the church, is attracting votaries."

Persons who seek communication with the spirit world by consulting the ouija board and similar practices are likely to end by completely losing control of their reason. Dr. Wm. J. Hickson, director of the Chicago Psychopathic Laboratory, says: "We've been getting dozens of spiritualists in here, as well as ouija-board fads and seance habitues. The advertising that spiritualism has received is slowly turning the attention of all the praecox victims to it, and if it keeps on, we will find practically every demented, semi-demented, under-developed and praecox case in the country talking with the other world."

The case of Saul, King of Israel, and the seance he held with the witch of Endor as recorded in 1 Samuel 28, was cited as an instance of the folly of going to such a source for information. God had refused to communicate further with Saul because of his disobedience. He sought information concerning the coming battle with the Philistines from a medium—a forbidden source. The sequel to this audience is given in 1 Chron. 10:3-13. Driven to despair by his defeat and the loss of his kingdom he committed suicide. "And Saul died for his transgression . . . against the word of the Lord, and also for asking counsel of one that had a familiar spirit to inquire of it." Such is the warning example left on record in Holy Writ against seeking advice at the hands of the dead through mediums instead of through the right source, God.

"But who are these Spirits that appear?" They claim to be our departed friends. Evangelist Prout produced proof from the Scriptures to show that such claim was a lie. "For the dead know not anything . . . neither have any more—a portion forever in anything that is done under the sun." Eccles. 9:5, 6.

The apostle Paul declares that "no marvel; for Satan himself is transformed into an angel of light; therefore it is no great thing if his ministers also (his angels, called 'spirits') be transformed as the ministers of righteousness." 2 Cor. 11:14, 15. They are evil spirits or fallen angels who have the power to appear and disappear, common to angels, good and bad; and these evil angels appear as our departed, and thus deceive us into the belief that the dead are still about us, and can and will communicate with us. Their work is to divert from the plain precepts of God's law; and to deny that Jesus Christ the Son of God has come in the flesh. 1 John 4:1-3. The manifestation of spiritualism in its every aspect is to lead in a path opposite to the plain declarations of the Bible. It is the last day wonder-working power which "if it were possible, shall deceive the very elect." Matt. 24:24. We would do well to heed the warning thus given by example, and directly by Christ.

Roger Rees of Portland, Oregon, for many years a resident of Glendale, was in the city last week calling on old friends.
